South Coastal Area of Narcotics Anonymous Statement

Preamble

“Everything that occurs in the course of NA service must be motivated by the desire to more successfully carry the message of recovery to the addict who still suffers. It was for this reason that we began this work. We must always remember that as individual members, groups and service committees, we are not, and should never be, in competition with each other. We work separately and together to help the newcomer and for our common good. We have learned, painfully, that internal strife cripples our Fellowship; it prevents us from providing the services necessary for growth.”

Page xxvi, Basic Text Narcotics Anonymous (Sixth Edition).

Nature of Leadership in Narcotics Anonymous

“The Second Tradition concerns the nature of leadership in NA. We have learned that for our fellowship, leadership by example and by selfless service works. Direction and manipulation fail. We choose not to have presidents, masters, or directors. Instead, we have secretaries, treasurers, and representatives. These titles imply service rather than control. Our experience shows that if a group becomes an extension of the personality of a leader or member, it loses its effectiveness. An atmosphere of recovery in our groups is one of the most valued assets, and we must guard it carefully, lest we lose it to politics and personalities.”

The Area Service Committee (ASC) of the South Coastal Area, is a committee made up of Group Service Representatives (GSRs) from groups within the South Coastal Area, which meets monthly for the express purpose of serving the specific needs of members and groups. The most important service of the ASC is that which it provides to its member groups. Whenever a group has a specific situation or need, which it has not been able to handle on its own; it can come to the ASC for help. These situations are almost limitless in scope; however, we have learned that we can get much accomplished when we work together. The ASC performs other functions,

which are of help to the groups. It can help groups get started or give aid to floundering groups. It may hold workshops or seminars for NA members. The ASC handles whatever functions are necessary or helpful to its groups. In order to provide services an ASC needs the active participation of its GSRs. A group supports its ASC both financially and physically. It takes money to provide these services. It is a group's responsibility to extend this support. However, as an Area grows, the financial needs of the committee also grow. To provide a full line of services, an ASC requires a steady reliable flow of money. However, when possible, we will assist funding the Area-Trusted Servants in fulfillment of their duties. Some Areas provide these funds through activities. Alternative sources of financial support are helpful, but the bulk of the responsibility still falls on the members of groups. The 7th Tradition of Narcotics Anonymous states that, "Every NA group ought to be fully self-supporting declining outside contributions." The active participation of each GSR is essential for a successful ASC. Each GSR must keep their group informed and must represent that group's conscience in all committee decisions. GSR's should evaluate each vote in terms of the needs of those they serve, and the needs of the Area in terms of NA as a whole. In addition, a GSR participates in carrying out the ASC's other functions. The attracting of new members, the planning and implementation of activities, and the aid given to groups with special needs requires more effort than meeting monthly.

Addendum 2

The Twelve Traditions of Narcotics Anonymous

We keep what we have only with vigilance, and just as freedom for the individual comes from the Twelve Steps, so freedom for the group springs from our Traditions. As long as the ties that bind us together are stronger than those that would tear us apart, all will be well.

1. Our common welfare should come first; personal recovery depends on N.A. unity.
2. For our group purpose there is but one ultimate authority- a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants; they do not govern.
3. The only requirement for membership is a desire to stop using.
4. Each group should be autonomous except in matters affecting other groups or N.A. as a whole.
5. Each group has but one primary purpose- to carry the message to the addict who still suffers.
6. An N.A. group ought never endorse, finance, or lend the N.A. name to any related facility or outside enterprise, lest problems of money, property or prestige divert us from our primary purpose.
7. Every N.A. group ought to be fully self-supporting, declining outside contributions.
8. Narcotics Anonymous should remain forever nonprofessional, but our service centers may employ special workers.
9. N.A., as such, ought never be organized, but we may create service boards or committees directly responsible to those they serve.
10. Narcotics Anonymous has no opinion on outside issues; hence the N.A. name ought never be drawn into public controversy
11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and film.
12. Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities.

Addendum 3

Twelve Concepts for NA Service

- 1.** To fulfill our fellowship's primary purpose, the NA groups have joined together to create a structure, which develops, coordinates, and maintains services on behalf of NA as a whole.
- 2.** The final responsibility and authority for NA services rests with the NA groups.
- 3.** The NA groups delegate to the service structure the authority necessary to fulfill the responsibilities assigned to it.
- 4.** Effective leadership is highly valued In Narcotics Anonymous. Leadership qualities should be carefully considered when selecting trusted servants.
- 5.** For each responsibility assigned to the service structure, a single point of decision and accountability should be clearly defined.
- 6.** Group conscience is the spiritual means by which we invite a loving God to influence our decisions.
- 7.** All members of a service body bear substantial responsibility for that body's decisions and should be allowed to fully participate in its decision-making processes.
- 8.** Our service structure depends on the integrity and effectiveness of our communications.
- 9.** All elements of our service structure have the responsibility to carefully consider all viewpoints in their decision-making processes.
- 10.** Any member of a service body can petition that body for the redress of a personal grievance, without fear of reprisal.
- 11.** NA funds are to be used to further our primary purpose, and must be managed responsibly.
- 12.** In keeping with the spiritual nature of Narcotics Anonymous, our structure should always be one of service, never of government.
